Whitcup, Scott????							

Note to all persons who plan to apply:

IUSG will connect the applicant with the member you would like to work with. After that, the process may be driven by the local regulations of each country, IUSG as an association cannot support you in felicitating the visa etc. Also the training imparted shall be depending upon the institutes as IUSG as yet does not have any guidelines or curriculum or training modules. This is a project of the near future.
